All District Collectors including District Magistrates (Judicial) and District Session Judges.

The Registrar, High Court, Madras-600 001.

(Forwarded/By Order.)

59012

ANNEXURE I
Regulations for the Medical Examination of candidates for Appointment to Executive Posts in the Tamil Nadu State and Subordinate.

(These regulations are intended merely for the guidance of Medical Examiners and are not meant to restrict their discretion in any way).

1. To be passed as fit for appointment to an executive post, a candidate must be in good mental and bodily health; he must not only be free from any physical defect which would be a disqualification for that post but his physical condition must be such as would enable him to perform efficiently the action duties of executive service.

2. The candidates' chest will be measured as follows:—He will be made to stand erect with his feet together, and to raise his arms over his head. The tape will be so adjusted round the chest that its upper edge touches the inferior angles of the shoulder-blades behind and its lower edge the upper part of the nipples in front. The arms will then be lowered to hang loosely by the side and care be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times and the maximum expansion of the chest will be carefully noted.

The minimum and maximum will then be recorded in inches, e.g., 33-35, 34-36½ etc.

In recording the measurements, fractions of less than ½ inch. should not be noted.

The chest expansion should not be less than two inches.

3. The candidate's height will be measured as follows:—

He will remove his shoes and be placed against the standard with his feet together and the weight thrown on the heels and not on the toes or outer side of the feet. He will stand erect with his arms rigidly and with the heel calves, buttocks and shoulders touching the standard; the chin will be depressed to bring the vertex of the head, level under the horizontal bar and the height will be recorded in inches and parts of an inch to quarters. A minimum height of 5 feet 5 inches is required for the Police Service.

4. The candidates will also be weighed, and his weight recorded in pounds. Fractions of ½ pound should not be noted.

The following proportion between height and weight should be taken as a guide in the examination of the candidates:—

Height in inches 'X' Chest measurement on full inspiration in inches $61 \div 17 =$ Weight in pounds.
 A margin of about 10 per cent above or below might be allowed.

5. The examination for determining the acuteness of vision includes two tests, one for distant and the other for near vision. Snellen's test types will be used for the distant without glasses at a distance of 6 metres and for the test for near vision without glasses at any distance selected by the candidates. The standards of the minimum acuteness of vision which will be used for guidance in the examination of a candidate are detailed below:—

STANDARD—I.

Distant vision without glasses	6/6 each eye.
Near vision R.E.	0.5 (sn.)
L.E.	0.5 (sn.)

STANDARD—II.

There shall be no limit for minimum eye vision but the naked eye vision of the candidate shall, however, be recorded by the Medical Board or other medical authority issuing the certificate and every case, to have on record the basic information in regard to the condition of the eye:

	Better eye.	Worse eye.
Distant vision without glasses	6/6	6/9
Distant vision with glasses	6/6	6/12
Near vision	0.6 (sn.)	O.D.
Total amount of Myopia including cylinder shall not exceed —1 D.		
Total amount of Hypermetropia including the cylinder shall not exceed —½ D.		

STANDARD III.

There shall be no limit for minimum naked eye vision but the naked eye vision of the candidate shall, however be recorded by the Medical Board or other Medical authority issuing the certificates in every case, to have on record the basic information in regard to the condition of the eye :—

	Better eye.	Worse eye.
Distant vision without glasses	$\frac{6}{9}$	$\frac{6}{9}$
Distant vision with glasses	$\frac{6}{6}$	OR $\frac{6}{12}$

In case of candidates upto the age of 20 years

Total amount for Myopia including cyclinder shall not exceed (—) 6.

Total amount of Hypermetropia including cyclinder shall not exceed +6.

The total amount of Myopia including cyclinder shall not exceed (—) 8.

Total amount of Hypermetropia including cyclinder shall not exceed (+6D).

Candidates with defective vision should produce eye fitness certificate from qualified eye specialist.

1. The Medical Officer must possess in addition to this medical qualification a special diploma in Ophthalmology or?

2. Must have undergone one year's post graduate training in a recognised Ophthalmic Hospital, department or clinic attached to the Government Medical Institutions or have been on the staff of such a hospital, department or clinic for at least two years provided they practice Ophthalmology as a speciality. The concessions of granting certificates will be restricted to Government Medical Officers of all grades, Honorary Surgeons and Physicians and Honorary Assistant Medical Officers appointed to Government Medical Institutions.

Special Certificate should contain the following points :—

Distant vision without glasses (each eye separately).

Distant vision with glasses (each eye separately).

The amount of hypermetropia, myopia or astigmatic defect and strength of correction glasses used.

Near vision (each eye separately).

Whether suffering from squint or any morbid condition of the eye lids (trachoma like of either eye).

Each eye, field of vision.

Each eye colour vision.

Each eye fungus appearance.

Standard of vision.

Having regard to the vision whether

Is or is not fit for appointment as

Squint will be a disqualification for those posts which required binocular single vision. It is not a disqualification for ministerial and non-executive posts.

Trachoma without complications is not a disqualification.

Colour vision should be tested with Ishiharas chart on Board of Trade Lamp and recorded. Defective colour vision will be a disqualification for those post where normal colour vision is essential.

126E-961A

6. One Eyed Candidate should be taken for ministerial and non-executive posts. The visual acuity in the functioning eye should be 6/6 with correction. The degree of refractive error should not exceed + or - 4D including cyclinders. Field of vision and adnext should be normal. The condition which lead to loss of vision in one eye and the possibility of other eye getting affected should be considered.

7. The urine (passed in the presence of the examiner) should be examined and the result recorded.

8. As moles very often disappear, it is preferable that the personal marks should be not moles but some scar or other indelible mark.

9. The following additional points should be observed :—

- (a) that the candidate's hearing in each ear is good and that there is no sign of diseases of the ear ;
- (b) that his speech is without impediment ; and
- (c) that he does not suffer from any inveterate skin disease ;

NOTE.—Non-infective leprosy can only be considered and inveterate skin disease on two scores:

- (1) If there is deformity which cannot be remedied and is likely to increase.
- (2) If the type of neural leprosy is such that the patient may become a lepromatous case in later years.

Candidates with non-infective leprosy can be regarded as fit, they are examined by a recognised Government Leprologist of not less than five years standing and produce a certificate from him in the following form :—

I, Dr. do hereby certify that I have examined a candidate for employment as a in the Tamil Nadu Service and found that he/she is suffering from neural leprosy which is not infective and is of no danger to the Public. He/She would undergo treatment in a recognised leprosy treatment centre and should subject himself/herself for periodical medical examination once in three/six months by a competent authority and produce a certificate of non-infectivity.

He/She has deformity* and I am of opinion that this deformity is @likely/not likely to interfere with the proper discharge of his/her duties.

Signature :

Designation :

[G.O. Ms. No. 308, Public (Services), dated 4th January 1955].

- (d) that he is not ruptured ;
- (e) that he does not suffer from hydrocele, a severe degree of varicocele, varicose veins or piles.
- (f) that his limbs, hands and feet are well formed and developed and that there is free and perfect motion of all his joints ;
- (g) that there is no congenital malformation or defect ; and
- (h) that he does not bear traces of acute or chronic disease pointing to an impaired constitution.

*—Nature of deformity should be specified. This should be scored out, if there is no deformity and initialed.

@—Strike out whichever is not applicable.

NOTE.—Ex-tuberculosis-patients, can be regarded as fit for entry into Government Service if, after treatment, they are certified by a recognised tuberculosis specialist as non-infective and fit for duty and are certified to be otherwise physically fit by an appropriate medical authority for the post for which they are candidates.

A tuberculosis specialist for the purposes of this note shall be—

- (1) A Civil Surgeon or an Honorary Surgeon who is in-charge of a Government Tuberculosis Clinic, Sanatorium or Institution with facilities for X-Ray and laboratory examination ; or
- (2) A Medical Officer who has worked in an institution specified in item (1) above in the capacity of an Assistant Surgeon or an Honorary Assistant Surgeon for a period of five years ; or
- (3) A Professor or Assistant Professor of Medicine in one of the Government Medical Colleges in this State, who has had special training in Tuberculosis and has served in the said posts for a period of five years after his training in Tuberculosis.

[G.O. Ms. No. 934, Public (Services), dated 19th March 1955.]

Standard of vision III.

General Foreman (By direct recruitment)

Physical standard and form of certificate of physical fitnesses prescribed for Executive post in Annexure-II Standard of III.

Statistician Geologist, Electronic Engineer

Standard III or better, Colour blindness be a disqualification.

(2) Regulations for the Medical Examination of candidates for appointment to posts other than Executive and Ministerial in the Tamil Nadu State and Subordinate Services.

(These regulations are intended merely for the guidance of Medical Examiners and are not meant to restrict their discretion in any way.)

1. To be passed as fit for an appointment to a post, other than the Executive and Ministerial, a candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with the efficient performance of the duties of his appointment:

"Provided that in respect of the orthopaedically handicapped, rigid, physical standard need not be insisted on but their fitness for services may be assessed on the basis of the nature and degree of their disability and the adequacy of their functional capacity relative to the job they seek".

2. The candidate's chest will be measured as follows:—

He will be made to stand erect with his feet together, and to raise his arms over his head. The tape will be so adjusted round the chest that its upper edge touches the superior angles of the shoulder-blades behind, and its lower edge of the upper part of the nipples in front. The arms will then be lowered to hang loosely by the side, and the candidate will then be directed to take a deep inspiration several times so that the shoulders are not thrown upwards or backwards so as to displace the chest. The candidate will then be directed to take a deep inspiration several times so that the maximum expansion of the chest will be carefully noted.

The minimum and maximum will then be recorded in inches, e.g. 33—35, 34—36½ etc.

In recording the measurements, fractions of less than half an inch should not be noted.

The chest expansion should not be less than two inches for the post.

3. The candidate's height will be measured as follows:—

He will remove his shoes and be placed against the standard with his feet together, the weight thrown on the heels and not on the toes or outer side of the feet. He will stand without rigidity, and with the heel, calves, buttocks and shoulders touching the standard. The chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be recorded in inches and parts of an inch to quarters.

A minimum height of 5 feet 4 inches is required for drivers in the Government Transport Department.

4. The candidate will also be weighed and his weight recorded in pounds. Fractions of a pound should not be noted.

The following proportion between height and weight should be taken as a guide in the selection of the candidates:—

Height in inches \times chest measurement on full inspiration in inches = weight in lbs.

A margin of about ten per cent above or below might be allowed.

5. The Examination for determining the acuteness of vision includes two tests, one for distant vision and the other for near vision. Snellen's test types will be used for the distant, without glasses at a distance of 6 metres and for the test for near vision without glasses at any distance suitable for the candidates. The standards of the minimum acuteness of vision which will be used for the examination of a candidate are detailed below:—

STANDARD I.

Distant vision without glasses	6/6 (Sn.)
Near vision R.E.	0.5 (Sn.)
L.E.	0.5 (Sn.)

STANDARD II.

There shall be no limit for minimum naked eye vision but the naked eye vision of the candidate shall, however be recorded by the Medical Board or other medical authority issuing the certificate in every case, to have on record the basic information in regard to the condition of the eye.

Better eye.

Worse eye.

Distant vision without glasses	6/9	6/9
Distant vision with glass	6/6	6/12
Near vision	0.6 D (sn)	OD()

Total amount of Myopia including cyclinder shall not exceed -4D.

Total amount of Hypermetropia including the cyclinder shall not exceed +4D.

STANDARD III.

There shall be no limit for minimum naked eye vision but the naked eye vision of the candidate shall, however be recorded by the Medical Board or other Medical authority issuing the certificate in every case, to have on record the basic information in regard to the condition of the eye:—

Better eye.

Worse eye.

Distant vision without glasses	6/9	6/9
Distant vision with glasses	6/6	or 6/12

Total amount for Myopia including Cyclinder shall not exceed -6.

Total amount of Hypermetropia including cyclinder shall not exceed +6.

In case of candidates up to the age of 20 years ..

The total amount of Myopia including cyclinder shall not exceed (-8).

Total amount of Hypermetropia including cyclinder shall not exceed (+6D).

Candidates with defective vision should produce eye fitness certificate from qualified eye specialist.

1. The Medical Officer must possess in addition to this medical qualification a special diploma in Ophthalmology or

2. Must have undergone one year's post graduate training in a recognised Ophthalmic Hospital, department or clinic attached to the Government Medical Institutions or have been on the staff of such a hospital, department or clinic for at least two years provided they practice Ophthalmology as a speciality. The concession of granting certificates will be restricted to Government Medical Officers of all grades, Honorary Surgeons and Physicians and Honorary Assistant Medical Officers appointed to Government Medical Institutions.

Special Certificate should contain the following points:

Distant vision without glasses (each eye separately).

Distant vision with glasses (each eye separately).

The amount of hypermetropia, myopia or astigmatic defect and strength of correction glasses used.

126E-96-3A

Near vision (each eye separately).
Whether suffering from squint or any morbid condition of the eye lids (either eye).

Each eye, field of vision.

Each eye colour vision.

Each eye fungus appearance.

Standard of vision.

Having regard to the vision whether
is or is not fit for appointments as

Squint will be a disqualification for those posts which required binocular single vision. Squint is not a disqualification for ministerial and non-executive posts.

Trachoma without complications is not a disqualification.

Colour Vision should be tested with Ishiharas chart on Board of Trade Lame and defective colour vision will be a disqualification for those posts where normal colour vision is essential.

6. One Eye Candidate could be taken for ministerial and non-executive posts. Visual acuity in the functioning eye should be 6/6 with correction. The degree of refraction should not exceed + or - 4D including cylinders. Field of vision and adnext should be normal. The condition which lead to loss of vision in one eye and the possibility of other eye being affected should be considered.

7. The urine (passed in presence of the Examiner) should be examined and the result recorded.

8. As moles very often disappear, it is preferable that the personal marks should be permanent such as moles but some scar or other indelible mark.

9. The following additional points should be observed :—

- (a) That the candidate's hearing in each ear is good and that there is no sign of deafness;
- (b) that his speech is without impediment; and
- (c) that he does not suffer from any inveterate skin disease.

Note.—Non-infective leprosy can only be considered an inveterate skin disease on two scores :—

- (1) If there is deformity which cannot be remedied and is likely to increase.
- (2) If the type of neural leprosy is such that the patient may become a laprom in later years.

Candidates with non-infective leprosy can be regarded as fit, if they are examined by a recognised Government Leprologist of not less than five years standing and produce a certificate from him in the following form :—

I, Dr. do hereby certify that I have examined a candidate for the post of as a in the Tamil Nadu Service and found that she is suffering from neural leprosy which is not infective and is of no danger to the public. She would undergo treatment in a recognised leprosy treatment centre and should submit herself for a periodical medical examination once in three/six months by a competent medical officer and produce a certificate of non-infectivity.

He/She has deformity* and I am of opinion that this deformity is likely/not likely to interfere with the proper discharge of his/her duties.

Signature :

Designation :

*Nature of deformity should be specified. This should be scored out if there is no deformity and initialled.

(Strike out whichever is not applicable.)

[G.O. Ms. No. 303, Public (Services), dated 4th January 1955.]

[G.O. Ms. No. 2983, Public (Services), dated 5th July 1950.]

- (d) that there is no congenital formation or defect;
(e) that he does not bear traces of acute or chronic disease pointing to an impaired constitution.

Note—Ex-tuberculosis patient can be regarded as fit for entry into Government Service, if after treatment they are certified by a recognised Tuberculosis Specialist as a non-infective and fit for duty and are certified to be otherwise physically fit by an appropriate medical authority for the post for which they are candidates.

A Tuberculosis Specialist for the purpose of this note shall be—

- (1) A Civil Surgeon or an Honorary Surgeon who is incharge of Government Tuberculosis Clinic Sanatorium or Institution with facilities for X-ray and Laboratory examination; or
- (2) A Medical Officer who has worked in an institution specified in item (1) above in the capacity of an Assistant Surgeon or an Honorary Assistant Surgeon for a period of five years; or
- (3) A professor or Assistant Professor of Medicine in one of the Government Medical Colleges in this State, who has had special training in Tuberculosis and has served in the said posts for a period of five years after his training in Tuberculosis.

[G.O. Ms. NO. 934, Public (Ser) dated 19th March 1955]

- (f) that he is not ruptured; and
(g) that he does not suffer from hydrocel or severe degree of varicoccle, varicose veins or piles.

(2) LIST OF POSTS OTHER THAN EXECUTIVE AND MINISTERIAL FOR WHICH THE ABOVE MENTIONED REGULATIONS ARE APPLICABLE.

(3) *Regulations for the Medical Examination of Candidates for Appointment to posts in the Tamil Nadu Ministerial Service, The Tamil Nadu Judicial Ministerial Service and the Tamil Nadu Secretariat Service.*

(These regulations are intended merely for the guidance of Medical Examiners and are not meant to restrict their discretion in any way).

Note.—These regulations shall apply to candidates for appointment as Computers, Gramasevaks, Grade-II and U.D. Clerks, in the Accounts branch of the Office of the Chief Engineer (Highways and Rural Works) and the standard of vision shall be that in Standard III mentioned in paragraph 5 below.

1. To be passed as fit for an appointment to a post, other than the Executive and Ministerial, a candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of the duties of his appointment;

Provided that in respect of the orthopaedically handicapped rigid physical standards need not be insisted on but their fitness for service may be assessed on the basis of the nature and degree of their disability and the adequacy of their functional capacity relative to the job which they seek.

2. The candidate's chest will be measured as follows :—

He will be made to stand erect with his feet together and to raise his arms over his head. The tape will be so adjusted round the chest that its upper edge touches the inferior angles of the shoulder-blades behind, and its lower edge of the upper part of the nipples in front. The arms will then be lowered to hang loosely by the side and care be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take deep inspiration several times and the maximum expansion of the chest will be carefully noted.

The minimum and maximum will then be recorded in inches e.g., 33—35, 34—36½, etc.

In recording the measurements, fractions of less than half an inch should not be noted.

The chest expansion should not be less than two inches for the post.

3. The candidate's height will be measured as follows :—

He will remove his shoes and be placed against the standard with his feet together and weight thrown on the heels and not on the toes or outside of the feet. He will stand erect with rigidity, and with the heel, calves, buttocks and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar; and the height will be recorded in inches and parts of an inch to quarters.

A minimum height of 5 feet 4 inches is required for Drivers in the Government Transport Department.

4. The candidate will also be weighed and his weight recorded in pounds. Fractions of a pound should not be noted.

The following proportion between height and weight should be taken as a guide in the examination of the candidates :—

$$\frac{\text{Height in inches} \times \text{Chest measurement on full inspiration in inches.}}{17} = \text{Weight in Lb.}$$

A margin of about ten per cent above or below might be allowed.

5. The Examination for determining the acuteness of vision includes two tests. One for distant, the other for near vision. Snellen's test types will be used for the distant, without glasses at a distance of 6 metres and for the test for near vision without glasses at any distance selected by the candidates. The standards of the minimum acuteness of vision which will be used for guidance in the examination of a candidate are detailed below :

STANDARD I

Distant vision without glasses	6/6 each eye.
Near vision	R.E. 0.5 (sn) L.E. 0.5 (sn)

STANDARD II.

There shall be no limit for minimum naked eye vision but the naked eye vision of the candidate shall, however be recorded by the Medical Board or other medical authority issuing the certificate in every case, to have on record the basis information in regard to the condition of the eye:

	Better eye.	Worse eye.
Distant vision without glasses	6/9—	6/9—
Distant vision with glass	6/6	6/12
Near vision	0.6 D (sn)	0.15 (C)

Total amount of Myopia including cylinder shall not exceed—4D.

Total amount of Hyper metropia including the cylinder shall not exceed—4D.

STANDARD III.

There shall be no limit for minimum naked eye vision but the naked eye vision of the candidate shall, however be recorded by the Medical Board or other Medical authority issuing the certificate in every case, to have on record the basic information in regard to the condition of the eye :-

	Better eye.	Worse eye.
Distant vision without glasses..	6/9	6/12
Distant vision with glasses ..	6/6	6/12

In case of candidates upto the age of 20 Total amount for Myopia including cylinder shall not exceed—6.

Total amount of Hypermetropia including cylinder shall not exceed + 6.

The total amount of Myopia including cylinder shall not exceed (— 8).

Total amount of Hypermetropia including cylinder shall not exceed (+ 6D).

Candidates with defective vision should produce eye fitness certificate from qualified eye specialist.

1. The Medical Officer must possess in addition to this medical qualification a special diploma in Ophthalmology or

2. Must have undergone one year's post graduate training in a recognised Ophthalmic Hospital, department or clinic attached to the Government Medical Institutions or have been on the staff of such a hospital, department or clinic for at least two years provided they practice Ophthalmology as a speciality. The concession of granting certificates will be restricted to Government Medical Officers of all grades. Honorary Surgeons and Physicians and Honorary Assistant Medical Officers appointed to Government Medical Institutions.

Special Certificate should contain the following points :

Distant vision without glasses (each eye separately).

Distant vision with glasses (each eye separately).

The amount of hypermetropia, myopia or astigmatic defect and strength of correction glasses used.

Near vision (each eye separately),

Whether suffering from squint or any morbid condition of the eye lids (trachoma like of either eye).

Each eye, field of vision.

Each eye colour vision.

Each eye fungus appearance.

Standard of vision.

Having regard to the vision whether.....
is or is not fit for appointments as.....

Squint will be a disqualification for these posts which required binocular single vision. It is not a disqualification for ministerial and non-executive posts.

Trachoma without complications is not a disqualification.

Colour Vision should be tested with Ishiharas chart on Board of Trade Lane and recorded. Defective colour vision will be a disqualification for those post where normal colour vision is essential.

6. One eyed candidate could be taken for ministerial and non-executive posts. The vision in the functioning eye should be 6/6 with correction. The degree of refractive error should not exceed \pm or $-$ 4D including cylinders. Field of vision and adnext should be normal. The condition which lead to loss of vision in one eye and the possibility of other eye getting affected should be considered."

7. The urine (passed in presence of the Examiner) should be examined and the result recorded.

8. As moles very often disappear, it is preferable that the personal marks should be no moles, but some scar or other indelible mark.

9. The following additional points should be observed :

(a) that the candidate's hearing in each ear is good and that there is no sign of diseases of the ear ;

(b) that this speech is without impediment ; and

(c) that he does not suffer from any inveterate skin disease ;

NOTE.—Non infective leprosy can only be considered an inveterate skin disease on two accres-

(1) If there is deformity which cannot be remedied and is likely to increase.

2) If the type of neural leprosy is such that the patient may become a lepromatous case in latter years. Candidates with non-infective leprosy can be regarded as fit if they are examined by a recognised Government Leprologist of not less than five years standing and produce certificate from him in the following form :

I, Dr. _____ do hereby certify that I have examined candidate for employment as a _____ in the Tamil Nadu Service and found that he/she is suffering from neural leprosy which is not infective and is of no danger to public. He/She would undergo treatment in a recognised leprosy treatment centre and should subject himself/herself for a periodical medical examination once in three/six months by a competent authority and produce a certificate of non-infectivity.

He/She has deformity† and I am of opinion that this deformity is *likely/not likely to interfere with the proper discharge of his/her duties.

Signature :

Designation :

†Nature of deformity should be specified. This should be scored out, if there is no deformity and initialled.

*Strike out whichever is not applicable.

(G.O. Ms. No. 308, Public (Services), dated 4th January 1955.)

(G.O. Ms. No. 2983, Public (Services), dated 5th July 1950.)

(d) that there is no congenital formation or defect ;

(e) that he does not bear traces of acute or chronic disease pointing to an impaired constitution.

NOTE.—Ex-tuberculosis patients can be regarded as fit for entry into Government Service if, after, treatment, they are certified by a recognised tuberculosis specialist as non infective and fit for duty and are certified to be otherwise physically fit by an appropriate medical authority for the post for which they are candidate.

A tuberculosis specialist for the purpose of this note shall be—

(1) A Civil Surgeon or an Honorary Surgeon who is in charge of a Government Tuberculosis Clinic, Sanatorium or Institution with facilities for X-ray and Laboratory examination, or

(2) A Medical Officer who has worked in an institution specified in item (1) above in the capacity of an Assistant Surgeon or an Honorary Assistant Surgeon for a period of five years ; or

(3) A Professor or Assistant Professor of Medicine in one of the Government Medical Colleges in the State, who has had special training in Tuberculosis and has served in the said post for a period of five years after his training in Tuberculosis.

[G.O. Ms. No. 934, Public (Services), dated 19th March 1955.]

ANNEXURE II.

(I) CERTIFICATE OF PHYSICAL FITNESS (for Executive Posts)

This form is to be used by every candidate who is required by the Tamil Nadu Public Service Commission to produce a certificate of physical fitness. It must be signed by a Commissioned Medical Officer or a Civil Medical Officer of rank not lower than that of Civil Surgeon or a Honorary Medical Officer of Civil Surgeon's rank (*viz.*, Honorary Physician and Honorary Surgeon) or a District Medical Officer employed under Tamil Nadu Government.

NOTES :—A candidate who resides outside the Tamil Nadu States and who is unable to produce the certificate from a Medical Officer of corresponding rank outside the Tamil Nadu State. Such Certificate should contain the following particulars :—

(i) The State under which the Medical Officer is employed and the name of the institution in which he is employed and his rank.

(ii) Register number of certifying Medical Officer in the register in which his name has been registered.

(iii) The official stamp or seal of the institution in which the certifying Medical Officer is employed.

The certificate so produced will be subject to acceptance after scrutiny by the Director of Medical Service, Madras.

The candidate selected by the Commission for direct recruitment to the Tamil Nadu Police Service or recruited to the Tamil Nadu Civil Service (Executive Branch) otherwise than in the Tamil Nadu Revenue Subordinate Service will be examined before a Medical Board before appointment.

(G.O. Ms. No. 308, Public (Services) dated 4th January 1965.)

Name and rank of officer granting the certificate
